CVR PARTNERS, LP
(Exact name of registrant as specified in its charter)

Delaware
*(State or other jurisdiction of
incorporation or organization)*

56-2677689
*(I.R.S. Employer
Identification No.)*

2277 Plaza Drive, Suite 500, Sugar Land, Texas 77479
(Address of principal executive offices) (Zip Code)
(281) 207-3200
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of each class</u>	<u>Trading Symbol(s)</u>	<u>Name of each exchange on which registered</u>
Common units representing limited partner interests	UAN	The New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer
Smaller reporting company Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined by Rule 12b-2 of the Exchange Act). Yes No

There were 10,569,637 common units representing limited partner interests of CVR Partners, LP ("common units") outstanding at October 27, 2023.

This Quarterly Report on Form 10-Q (including documents incorporated by reference herein) contains statements with respect to our expectations or beliefs as to future events. These types of statements are “forward-looking” and subject to uncertainties. See “Important Information Regarding Forward-Looking Statements” section of this filing.

Important Information Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q (this “Report”) contains forward-looking statements including, but not limited to, those under Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations. These forward-looking statements are subject to a number of risks and uncertainties, many of which are beyond our control. All statements other than statements of historical fact, including without limitation, statements regarding future operations, financial position, estimated revenues and losses, growth, capital projects, unit repurchases, impacts of legal proceedings, projected costs, prospects, plans, and objectives of management are forward-looking statements. The words “could,” “believe,” “anticipate,” “intend,” “estimate,” “expect,” “may,” “continue,” “predict,” “potential,” “project,” and similar terms and phrases are intended to identify forward-looking statements.

Although we believe our assumptions concerning future events are reasonable, a number of risks, uncertainties and other factors could cause actual results and trends to differ materially from those projected or forward-looking. Forward-looking statements, as well as certain risks, contingencies, or uncertainties that may impact our forward-looking statements, include, but are not limited to, the following:

- our ability to generate distributable cash or make cash distributions on our common units, including reserves and future uses of cash;
- the ability of our general partner to modify or revoke our distribution policy at any time;
- the volatile, cyclical, and seasonal nature of our business and the variable nature of our distributions;
- the effects of changes in market conditions and market volatility, fertilizer, natural gas, and other commodity prices, including inflation, and the impact of such changes on our operating results and financial condition;
- the impact of weather on our business, including our ability to produce, market, sell, transport or deliver fertilizer products profitably or at all, and on commodity supply and/or pricing;
- the dependence of our operations on a few third-party suppliers, including providers of feedstocks, transportation services, and equipment;
- our reliance on, or our ability to procure economically or at all, petroleum coke (“pet coke”) we purchase from subsidiaries of CVR Energy, Inc. (together with its subsidiaries, but excluding the Partnership and its subsidiaries, “CVR Energy”) and other third-party suppliers;
- our reliance on the natural gas, electricity, oxygen, nitrogen, sulfur processing, compressed dry air and other products that we purchase from third parties;
- the supply, availability, and prices of essential raw materials and the effects of inflation thereupon;
- our production levels, including the risk of a material decline in those levels and/or our ability to upgrade ammonia to UAN;
- product pricing, including spot and contracted sales, the timing thereof, and our ability to realize market prices, in full or at all;
- accidents or other unscheduled shutdowns or interruptions affecting our facilities, machinery, or equipment, or those of our suppliers or customers;
- potential operating hazards from accidents, fire, severe weather, tornadoes, floods or other natural disasters;
- operational upsets or changes in laws that could impact the amount and receipt of credits (if any) under Section 45Q of the Internal Revenue Code of 1986, as amended;
- ability to meet certain carbon oxide capture and sequestration milestones;
- our ability to obtain, retain, or renew permits, licenses and authorizations to operate our business;
- competition in the nitrogen fertilizer business and foreign wheat and coarse grain production, including impacts thereof as a result of farm planting acreage, domestic and global supply and demand, and domestic or international duties tariffs or similar costs;
- capital expenditures;
- changes in our credit profile and the effects of higher interest rates;
- existing and future laws, rulings and regulations, including but not limited to those relating to the environment, climate change, and/or the transportation or production of hazardous chemicals, materials, or substances, like ammonia, including potential liabilities or capital requirements arising from such laws, rulings, or regulations;
- erosion of demand for our products due to increasing focus on climate change and environmental, social and governance (“ESG”) initiatives;
- ESG including but not limited to compliance with ESG-related recommendations or directives and risks or impacts relating thereto, whether from regulators, rating agencies, lenders, investors, litigants, customers, vendors, the public or others;
- alternative energy or fuel sources and impacts on corn prices (ethanol), and the end-use and application of fertilizers;
- risks of terrorism, cybersecurity attacks, the security of chemical manufacturing facilities and other matters beyond our control;

- political disturbances, geopolitical conflicts, instability and tensions, and associated changes in global trade policies and economic sanctions, including, but not limited to, in connection with Russia's invasion of Ukraine in February 2022 and the conflict between Israel and Hamas, and any ongoing or potential regional conflicts;
- our lack of asset diversification;
- our dependence on significant customers and the creditworthiness and performance by counterparties;
- our potential loss of transportation cost advantage over our competitors;
- risks associated with third party operation of or control over important facilities necessary for operation of our nitrogen fertilizer facilities;
- the volatile nature of ammonia, potential liability for accidents involving ammonia including damage or injury to persons, property, the environment or human health and increased costs related to the transport or production of ammonia;
- our potential inability to successfully implement our business strategies, including the completion of significant capital programs or projects;
- our reliance on CVR Energy's management team and conflicts of interest they may face operating each of CVR Partners and CVR Energy;
- control of our general partner by CVR Energy and control of CVR Energy by its controlling shareholder;
- our ability to continue to license the technology used in our operations;
- the potential inability to successfully implement our business strategies at all or on time and within our anticipated budgets, including significant capital programs or projects and turnarounds at our fertilizer facilities;
- restrictions in our debt agreements;
- asset useful lives and impairments and impacts thereof;
- realizable inventory value;
- the number of investors willing to hold or acquire our common units;
- our ability to issue securities or obtain financing at favorable rates or at all;
- bank failures or other events affecting financial institutions;
- changes in tax and other law, regulations and policies;
- ability to qualify for and receive the benefit of 45Q tax credits;
- changes in our treatment as a partnership for U.S. federal income or state tax purposes;
- rulings, judgments or settlements in litigation, tax or other legal or regulatory matters;
- instability and volatility in the capital, credit and commodities markets and in the global economy, including due to the ongoing Russia-Ukraine conflict;
- risks related to the conclusion of a potential spin-off of the general and limited partner interests in the Partnership owned by CVR Energy or potential future reconsideration thereof;
- competition, transactions, and/or conflicts with CVR Energy and its affiliates, including CVR Energy's controlling shareholder;
- the value of payouts under our equity and non-equity incentive plans; and
- the cost and/or availability of insurance and our ability to recover under our insurance policies for damages or losses in full or at all; and
- Labor supply shortages, labor difficulties, labor disputes or strikes;
- the factors described in greater detail under "Risk Factors" in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2022 and our other filings with the U.S. Securities and Exchange Commission ("SEC").

All forward-looking statements included in this Report are based on information available to us on the date of this Report. Except as required by law, we undertake no obligation to revise or update any forward-looking statements as a result of new information, future events or otherwise.

Information About Us

Investors should note that we make available, free of charge on our website at www.CVRPartners.com, our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to those reports as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. We also post announcements, updates, events, investor information and presentations on our website in addition to copies of all recent news releases. We may use the Investor Relations section of our website to communicate with investors. It is possible that the financial and other information posted there could be deemed to be material information. Documents and information on our website are not incorporated by reference herein.

The SEC maintains a website at www.sec.gov that contains reports, proxy and information statements, and other information regarding issuers, including us, that file electronically with the SEC.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

(1) Organization and Nature of Business

CVR Partners, LP (“CVR Partners” or the “Partnership”) is a Delaware limited partnership formed by CVR Energy, Inc. (together with its subsidiaries, but excluding the Partnership and its subsidiaries, “CVR Energy”) to own, operate and grow its nitrogen fertilizer business. The Partnership produces nitrogen fertilizer products at two manufacturing facilities, one located in Coffeyville, Kansas operated by our wholly owned subsidiary, Coffeyville Resources Nitrogen Fertilizers, LLC (“CRNF”) (the “Coffeyville Facility”) and one located in East Dubuque, Illinois operated by our wholly owned subsidiary, East Dubuque Nitrogen Fertilizers, LLC (“EDNF”) (the “East Dubuque Facility”). Both facilities manufacture ammonia and are able to further upgrade such ammonia to other nitrogen fertilizer products, principally urea ammonium nitrate (“UAN”). Nitrogen fertilizer is used by farmers to improve the yield and quality of their crops, primarily corn and wheat. The Partnership’s products are sold on a wholesale basis in the United States of America. As used in these financial statements, references to CVR Partners, the Partnership, “we”, “us”, and “our” may refer to consolidated subsidiaries of CVR Partners or one or both of the facilities, as the context may require.

Interest Holders

As of September 30, 2023, public common unitholders held approximately 63% of the Partnership’s outstanding limited partner interests; CVR Services, LLC (“CVR Services”), a wholly-owned subsidiary of CVR Energy, held the remaining approximately 37% of the Partnership’s outstanding limited partner interests; and CVR GP, LLC (“CVR GP” or the “general partner”), a wholly-owned subsidiary of CVR Energy, held 100% of the Partnership’s general partner interest. As of September 30, 2023, Icahn Enterprises L.P. (“IEP”) and its affiliates owned approximately 66% of the common stock of CVR Energy.

Unit Repurchase Program

On May 6, 2020, the board of directors of the Partnership’s general partner (the “Board”), on behalf of the Partnership, authorized a unit repurchase program (the “Unit Repurchase Program”), which was increased on February 22, 2021. The Unit Repurchase Program, as increased, authorized the Partnership to repurchase up to \$20 million of the Partnership’s common units. During the three and nine months ended September 30, 2023 and the three months ended September 30, 2022, the Partnership did not repurchase any common units. During the nine months ended September 30, 2022, the Partnership repurchased 111,695 common units on the open market in accordance with a repurchase agreement under Rules 10b5-1 and 10b-18 of the Securities Exchange Act of 1934, as amended, at a cost of \$12.4 million, exclusive of transaction costs, or an average price of \$110.98 per common unit. As of September 30, 2023, the Partnership, considering all repurchases made since inception of the Unit Repurchase Program, had a nominal authorized amount remaining under the Unit Repurchase Program. This Unit Repurchase Program does not obligate the Partnership to purchase any common units and may be cancelled, modified, or terminated by the Board at any time.

Management and Operations

The Partnership, including CVR GP, is managed by a combination of the Board, the general partner’s executive officers, CVR Services (as sole member of the general partner), and certain officers of CVR Energy and its subsidiaries, pursuant to the Partnership Agreement, as well as a number of agreements among the Partnership, CVR GP, CVR Energy, and certain of their respective subsidiaries, including a services agreement. See Part II, Item 8 of CVR Partners’ Annual Report on Form 10-K for the year ended December 31, 2022 (the “2022 Form 10-K”) for further discussion. Common unitholders have limited voting rights on matters affecting the Partnership and have no right to elect the general partner’s directors or officers, whether on an annual or continuing basis or otherwise.

Section 45Q Transaction

Certain carbon oxide capture and sequestration activities conducted at or in connection with the Coffeyville Facility qualify under the Internal Revenue Service (“IRS”) safe harbor described in Revenue Procedure 2020-12 for certain tax credits available to joint ventures under Section 45Q of the Internal Revenue Code of 1986, as amended (“Section 45Q Credits”). In January 2023, CVR Partners and its subsidiary, CRNF, entered into a series of agreements with CapturePoint LLC, an unaffiliated Texas limited liability company, and certain unaffiliated third-party investors intended to qualify under the IRS safe harbor, described in Revenue Procedure 2020-12, for certain joint ventures that are eligible to claim Section 45Q Credits and allow us to monetize Section 45Q Credits we expect to generate from January 6, 2023 until March 31, 2030 (the “45Q

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Transaction”). Among other items, the 45Q Transaction resulted in the creation of CVR-CapturePoint Parent LLC (“CVRP JV”), which was accounted for by the Partnership as an equity-method investment. See Note 5 (“Equity Method Investment”) for further discussion.

(2) Basis of Presentation

The accompanying condensed consolidated financial statements, prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) and in accordance with the rules and regulations of the Securities and Exchange Commission (“SEC”), include the accounts of CVR Partners and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated. Certain notes and other information have been condensed or omitted from these condensed consolidated financial statements. Therefore, these condensed consolidated financial statements should be read in conjunction with the December 31, 2022 audited consolidated financial statements and notes thereto included in the 2022 Form 10-K.

In the opinion of the Partnership’s management, the accompanying condensed consolidated financial statements reflect all adjustments that are necessary for fair presentation of the financial position and results of operations of the Partnership for the periods presented. Such adjustments are of a normal recurring nature, unless otherwise disclosed.

The condensed consolidated financial statements are prepared in conformity with GAAP, which requires management to make certain estimates and assumptions that affect the reported amounts and disclosure of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Results of operations and cash flows for the interim periods presented are not necessarily indicative of the results that will be realized for the year ending December 31, 2023 or any other interim or annual period.

(3) Inventories

Inventories consisted of the following:

(in thousands)

	September 30, 2023	December 31, 2022
Finished goods	\$ 23,761	\$ 28,630
Raw materials	1,637	3,116
Parts, supplies and other	48,596	45,772
Total inventories	\$ 73,994	\$ 77,518

(4) Property, Plant and Equipment

Property, plant and equipment consisted of the following:

(in thousands)

	September 30, 2023	December 31, 2022
Machinery and equipment	\$ 1,447,896	\$ 1,432,875
Buildings and improvements	17,884	17,461
Automotive equipment	16,208	16,377
Land and improvements	14,736	14,604
Construction in progress	19,375	7,858
Other	2,809	3,035
	1,518,908	1,492,210
Less: Accumulated depreciation and amortization	(749,054)	(681,216)
Total property, plant and equipment, net	\$ 769,854	\$ 810,994

During the nine months ended September 30, 2023, the Partnership did not identify the existence of an impairment indicator for our long-lived asset groups as outlined under the FASB Accounting Standards Codification (“ASC”) Topic 360, *Property, Plant, and Equipment*. The depreciation and amortization expense related to property, plant and equipment was \$23.9 million and \$21.9 million for the three months ended September 30, 2023 and 2022, respectively, and \$58.5 million and \$62.2 million for the nine months ended September 30, 2023 and 2022, respectively.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

(5) Equity Method Investment

As part of the 45Q Transaction, the Partnership received a 50% ownership interest in CVRP JV in connection with a modification to a carbon oxide contract (“CO Contract”) with a customer. The Partnership applied the variable interest entity (“VIE”) model under FASB ASC Topic 810, *Consolidation*, to its variable interest in CVRP JV and determined that CVRP JV is a VIE. While the Partnership concluded it is not the primary beneficiary of CVRP JV, it does have significant influence over CVRP JV’s operating and financial policies and, therefore, applied the equity method of accounting for its investment in CVRP JV.

The Partnership valued the equity interest received using a combination of the market approach and the discounted cash flow methodology with key inputs including the discount rate, contractual and expected future cash flows, and market multiples. The Partnership determined the estimated fair value of the consideration received to be \$46.0 million, which was a non-recurring Level 3 measurement, as defined by FASB ASC Topic 820, *Fair Value Measurements*, based on the use of the Partnership’s own assumptions described above. There were no transfers into or out of Level 3 during the three and nine months ended September 30, 2023.

The Partnership deferred the recognition of the noncash consideration received and expects to recognize such revenue as the performance obligation associated with the CO Contract is satisfied. Refer to Note 9 (“Revenue”) for further discussion. The Partnership has elected to record its share of the earnings or loss of CVRP JV one quarter in arrears. Distributions received from CVRP JV will reduce the Partnership’s equity method investment and will be recorded in the period they are received. The investment in CVRP JV is presented within Other long-term assets on our condensed consolidated financial statements.

<i>(in thousands)</i>	CVRP JV
Balance at inception	\$ 46,000
Cash distributions ⁽¹⁾	(19,000)
Cash contributions	2
Balance at March 31, 2023	27,002
Cash distributions	(885)
Equity loss	(2)
Balance at June 30, 2023	26,115
Cash distributions	(788)
Equity loss	(4)
Balance at September 30, 2023	\$ 25,323

(1) Of this amount, approximately \$0.9 million related to incremental costs associated with obtaining the CO Contract were capitalized and included in Prepaid expenses and other current assets and Other long-term assets in our condensed consolidated financial statements.

(6) Leases

Lease Overview

We lease railcars and certain facilities to support the Partnership’s operations. Most of our leases include one or more renewal options to extend the lease term, which can be exercised at our sole discretion. Certain leases also include options to purchase the leased property. Additionally, certain of our lease agreements include rental payments, which are adjusted periodically for factors such as inflation. Our lease agreements do not contain any material residual value guarantees or material restrictive covenants. Furthermore, we do not have any material lessor or sub-leasing arrangements.

Balance Sheet Summary as of September 30, 2023 and December 31, 2022

The following table summarizes the right-of-use (“ROU”) asset and lease liability balances for the Partnership’s operating leases at September 30, 2023 and December 31, 2022. There were no finance lease balances at September 30, 2023 and December 31, 2022.

<i>(in thousands)</i>	September 30, 2023	December 31, 2022
<i>ROU asset, net</i>		
Railcars	\$ 8,207	\$ 10,449
Real estate and other	2,100	2,370
<i>Lease liability</i>		
Railcars	8,207	10,449
Real estate and other	318	456

Lease Expense Summary for the Three and Nine Months Ended September 30, 2023 and 2022

We recognize operating lease expense on a straight-line basis over the lease term within Direct operating expenses (exclusive of depreciation and amortization) and Cost of materials and other and finance lease expense on a straight-line basis over the lease term within Depreciation and amortization. For the three and nine months ended September 30, 2023 and 2022, we recognized lease expense comprised of the following components:

<i>(in thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Operating lease expense	\$ 1,100	\$ 1,089	\$ 3,466	\$ 3,246
<i>Finance lease expense:</i>				
Amortization of ROU asset	—	—	—	34
Short-term lease expense	1,031	583	2,300	2,116

Lease Terms and Discount Rates

The following outlines the remaining lease terms and discount rates used in the measurement of the Partnership’s ROU assets and lease liabilities at September 30, 2023 and December 31, 2022:

	September 30, 2023	December 31, 2022
Weighted-average remaining lease term	3.8 years	4.3 years
Weighted-average discount rate	6.0 %	5.5 %

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Maturities of Lease Liabilities

The following summarizes the remaining minimum operating lease payments through maturity of the Partnership's lease liabilities at September 30, 2023:

	Operating Leases
(in thousands)	
Remainder of 2023	\$ 689
2024	2,730
2025	2,302
2026	2,042
2027	1,756
Thereafter	—
Total lease payments	9,519
Less: imputed interest	(994)
Total lease liability	\$ 8,525

The Partnership has entered into the following material lease commitments that have not yet commenced:

- On February 21, 2022, CRNF entered into the First Amendment to the On-Site Product Supply Agreement with Messer LLC ("Messer"), which amended the July 31, 2020 On-Site Product Supply Agreement (as amended, the "Messer Agreement"). Under the Messer Agreement, among other obligations, Messer is obligated to supply oxygen and make certain capital improvements during the term of the Messer Agreement, and CRNF is obligated to take as available and pay for oxygen from Messer's facility. This arrangement for CRNF's purchase of oxygen from Messer does not meet the definition of a lease under FASB ASC Topic 842, *Leases* ("Topic 842"), as CRNF does not expect to receive substantially all of the output, which includes oxygen, nitrogen, and compressed air, of Messer's on-site production from its air separation unit over the life of the Messer Agreement. The Messer Agreement also obligates Messer to install a new oxygen storage vessel, related equipment and infrastructure ("Oxygen Storage Vessel" or "Vessel") to be used solely by the Coffeyville Facility. The arrangement for the use of the Oxygen Storage Vessel meets the definition of a lease under Topic 842, as CRNF will receive all output associated with the Vessel. Based on terms outlined in the Messer Agreement, the Partnership expects the lease of the Oxygen Storage Vessel to be classified as a finance lease with an estimated amount within the range of \$20 million to \$25 million being capitalized upon lease commencement when the Vessel is placed in service, which is currently expected to occur in the first quarter of 2024.

(7) Other Current Liabilities

Other current liabilities consisted of the following:

	September 30, 2023	December 31, 2022
(in thousands)		
Share-based compensation	\$ 12,903	\$ 9,231
Accrued interest	9,826	1,404
Personnel accruals	7,643	7,539
Operating lease liabilities	2,337	2,931
Accrued taxes other than income taxes	2,087	1,789
Sales incentives	793	1,772
Accrued insurance	249	2,283
Other accrued expenses and liabilities	1,708	768
Total other current liabilities	\$ 37,546	\$ 27,717

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(8) Long-Term Debt

Long-term debt consists of the following:

<i>(in thousands)</i>	September 30, 2023	December 31, 2022
6.125% Senior Secured Notes, due June 2028 ⁽¹⁾	\$ 550,000	\$ 550,000
Unamortized discount and debt issuance costs	(2,822)	(3,200)
Total long-term debt	\$ 547,178	\$ 546,800

(1) The estimated fair value of the 6.125% Senior Secured Notes, due June 2028 (the “2028 Notes”) was approximately \$494.3 million and \$493.3 million as of September 30, 2023 and December 31, 2022, respectively. These estimates of fair value are a Level 2 measurement, as defined by FASB ASC Topic 820, *Fair Value Measurements*, as they were determined by quotations obtained from a broker-dealer who makes a market in these and similar securities.

Credit Agreements

<i>(in thousands)</i>	Total Available Borrowing Capacity	Amount Borrowed as of September 30, 2023	Outstanding Letters of Credit	Available Capacity as of September 30, 2023	Maturity Date
ABL Credit Facility	\$ 47,913	\$ —	\$ —	\$ 47,913	September 26, 2028

ABL Credit Facility - On September 26, 2023, CVR Partners and certain of its subsidiaries entered into Amendment No. 1 to the Credit Agreement (the “ABL Amendment”). The ABL Amendment amended that certain Credit Agreement, dated as of September 30, 2021, to, among other things, (i) increase the aggregate principal amount available under the credit facility by an additional \$15.0 million to a total of \$50.0 million in the aggregate, with an incremental facility of an additional \$15.0 million in the aggregate subject to additional lender commitments and certain other conditions, and (ii) extend the maturity date by an additional four years to September 26, 2028. The foregoing description of the ABL Amendment does not purport to be complete and is qualified in its entirety by the terms of the ABL Amendment, which is filed as an exhibit to this Report.

In connection with the ABL Amendment, the Partnership incurred lender and other third-party costs of \$0.5 million which have been deferred in Prepaid expenses and other current assets and Other long-term assets and are being amortized as interest expense over the term of the ABL Credit Facility using the straight-line amortization method.

Covenant Compliance

The Partnership and its subsidiaries were in compliance with all covenants under their respective debt instruments as of September 30, 2023.

(9) Revenue

The following table presents the Partnership’s revenue, disaggregated by major products:

<i>(in thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Ammonia	\$ 22,471	\$ 22,218	\$ 116,002	\$ 125,171
UAN	86,310	119,000	354,425	438,006
Urea products	7,723	6,052	23,094	25,819
Net sales, exclusive of freight and other	116,504	147,270	493,521	588,996
Freight revenue ⁽¹⁾	9,909	7,441	31,755	26,512
Other revenue ⁽²⁾	4,179	1,767	14,582	7,844
Total revenue	\$ 130,592	\$ 156,478	\$ 539,858	\$ 623,352

(1) Freight revenue recognized by the Partnership represents the pass-through finished goods delivery costs incurred prior to customer acceptance and are reimbursed by customers. An offsetting expense for freight is included in Cost of materials and other.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

- (2) Includes revenue from (i) nitric acid sales and (ii) carbon oxide sales, including sales made in connection with the 45Q Transaction and the noncash consideration received, which is recognized as the performance obligation associated with the CO Contract is satisfied over its term of seven years, three months. Revenue from the CO Contract is recognized over time based on carbon oxide volumes measured at delivery.

Remaining Performance Obligations

We have spot and term contracts with customers and the transaction prices are either fixed or based on market indices (variable consideration). We do not disclose remaining performance obligations for contracts that have terms of one year or less and for contracts where the variable consideration was entirely allocated to an unsatisfied performance obligation.

As of September 30, 2023, the Partnership had approximately \$1.7 million of remaining performance obligations for contracts with an original expected duration of more than one year. The Partnership expects to recognize approximately \$1.5 million of these performance obligations as revenue by the end of 2023 and the remaining balance during 2024.

Contract Balances

A summary of the deferred revenue activity for the nine months ended September 30, 2023 is presented below:

<i>(in thousands)</i>		\$		47,516
	Balance at December 31, 2022			47,516
	<i>Add:</i>			
	New prepay contracts entered into during the period			43,661
	Noncash consideration received as part of the 45Q Transaction			46,000
	<i>Less:</i>			
	Revenue recognized that was included in the contract liability balance at the beginning of the period			(46,438)
	Revenue recognized related to contracts entered into during the period			(10,942)
	Revenue recognized related to noncash consideration			(4,759)
	Other changes			(1,185)
	Total deferred revenue			73,853
	<i>Less:</i> Current portion of deferred revenue			(38,956)
	Total long-term deferred revenue			\$ 34,897

(10) Share-Based Compensation

A summary of compensation expense for the three and nine months ended September 30, 2023 and 2022 is presented below:

		Three Months Ended September 30,		Nine Months Ended September 30,	
<i>(in thousands)</i>		2023	2022	2023	2022
	Phantom Unit Awards	\$ 2,250	\$ 6,260	\$ 4,715	\$ 13,913
	Other Awards ⁽¹⁾	1,580	1,013	3,251	4,713
	Total share-based compensation expense	\$ 3,830	\$ 7,273	\$ 7,966	\$ 18,626

- (1) Other awards include the allocations, pursuant to the Corporate Master Services Agreement effective January 1, 2020, as amended (the "Corporate MSA") and the Partnership's Second Amended and Restated Agreement of Limited Partnership, of compensation expense for certain employees of CVR Energy and its subsidiaries who perform services for the Partnership and participate in equity compensation plans of CVR Energy.

(11) Commitments and Contingencies

There have been no material changes in the Partnership's commitments and contingencies to those disclosed in the 2022 Form 10-K. In the ordinary course of business, the Partnership may become party to lawsuits, administrative proceedings, and governmental investigations, including environmental, regulatory, and other matters. The outcome of these matters cannot

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

always be predicted accurately, but the Partnership accrues liabilities for these matters if the Partnership has determined that it is probable a loss has been incurred and the loss can be reasonably estimated. While it is not possible to predict the outcome of such proceedings, if one or more of them were decided against us, the Partnership believes there would be no material impact to its consolidated financial statements.

The Partnership continues to monitor its contractual arrangements and customer, vendor, and supplier relationships to determine whether and to what extent, if any, the impacts of the Russia-Ukraine conflict, the current global and domestic economic environment, including increasing interest rates and inflation or a potential recession, or ongoing price volatility will impair or excuse the performance of the Partnership or its subsidiaries or their customers, vendors, or suppliers under existing agreements. As of September 30, 2023, the Partnership had not experienced a material financial impact from any actual or threatened impairment of or excuse in its or others' performance under such agreements.

45Q Transaction

Under the agreements entered into in connection with the 45Q Transaction, the Partnership's subsidiary, CRNF, is obligated to meet certain minimum quantities of carbon oxide supply each year during the term of the agreement and is subject to fees of up to \$15.0 million per year (reduced pro rata for partial years) to the unaffiliated third-party investors, subject to an overall \$45.0 million cap, if these minimum quantities are not delivered. The Partnership issued a guarantee to the unaffiliated third-party investors and certain affiliates involved in the 45Q Transaction of the payment and performance obligations of CRNF and CVRP JV, which include the aforementioned fees. This guarantee has no impacts on the accounting records of the Partnership unless the parties fail to comply with the terms of the 45Q Transaction contracts.

(12) Supplemental Cash Flow Information

Cash flows related to interest, leases, and capital expenditures included in accounts payable are as follows:

<i>(in thousands)</i>	Nine Months Ended September 30,	
	2023	2022
<i>Supplemental disclosures:</i>		
Cash paid for interest	\$ 17,123	\$ 18,217
Cash paid for income taxes, net of refunds	281	110
<i>Cash paid for amounts included in the measurement of lease liabilities:</i>		
Operating cash flows from operating leases	2,804	2,680
<i>Non-cash investing and financing activities:</i>		
Change in capital expenditures included in accounts payable	4,353	5,813

(13) Related Party Transactions

Activity associated with the Partnership's related party arrangements for the three and nine months ended September 30, 2023 and 2022 is summarized below:

Related Party Activity

<i>(in thousands)</i>	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
<i>Sales to related parties: ⁽¹⁾</i>				
CVR Energy subsidiary	\$ —	\$ 138	\$ 4	\$ 310
CVRP JV	561	—	2,909	—
<i>Expenses from related parties: ⁽²⁾</i>				
CVR Energy subsidiary	3,812	4,656	16,798	16,711
CVR Services	6,687	6,350	21,672	23,418

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

	September 30, 2023	December 31, 2022
Due to related parties ⁽³⁾	\$ 3,702	\$ 4,518

- (1) Sales to related parties, included in Net sales in our condensed consolidated financial statements, consist of: (a) sales of feedstocks and services under the Master Service Agreement with CRNF (the “Coffeyville MSA”) and (b) CO sales to CVRP JV and its subsidiaries.
- (2) Expenses from related parties, included in Cost of materials and other, Direct operating expenses (exclusive of depreciation and amortization), and Selling, general and administrative expenses in our condensed consolidated financial statements, consist primarily of pet coke and hydrogen purchased under the Coffeyville MSA and management and other professional services from CVR Services under the Corporate MSA.
- (3) Due to related parties, included in Accounts payable to affiliates, consists primarily of amounts payable to CVR Energy subsidiaries under the Coffeyville MSA and Corporate MSA.

Distributions to CVR Partners’ Unitholders

Distributions, if any, including the payment, amount, and timing thereof, and the Board’s distribution policy, including the definition of Available Cash for Distribution, are subject to change at the discretion of the Board. The following tables present quarterly distributions paid by the Partnership to CVR Partners’ unitholders, including amounts paid to CVR Energy, during 2023 and 2022 (amounts presented in table below may not add to totals presented due to rounding):

Related Period	Date Paid	Quarterly Distributions Per Common Unit	Quarterly Distributions Paid (in thousands)		
			Public Unitholders	CVR Energy	Total
2022 - 4th Quarter	March 13, 2023	\$ 10.50	\$ 70,115	\$ 40,866	\$ 110,981
2023 - 1st Quarter	May 22, 2023	10.43	69,647	40,594	110,241
2023 - 2nd Quarter	August 21, 2023	4.14	27,646	16,113	43,759
Total 2023 quarterly distributions		\$ 25.07	\$ 167,408	\$ 97,572	\$ 264,981

Related Period	Date Paid	Quarterly Distributions Per Common Unit	Quarterly Distributions Paid (in thousands)		
			Public Unitholders	CVR Energy	Total
2021 - 4th Quarter	March 14, 2022	\$ 5.24	\$ 35,576	\$ 20,394	\$ 55,970
2022 - 1st Quarter	May 23, 2022	2.26	15,091	8,796	23,887
2022 - 2nd Quarter	August 22, 2022	10.05	67,109	39,115	106,225
2022 - 3rd Quarter	November 21, 2022	1.77	11,819	6,889	18,708
Total 2022 quarterly distributions		\$ 19.32	\$ 129,597	\$ 75,193	\$ 204,790

For the third quarter of 2023, the Partnership, upon approval by the Board on October 30, 2023, declared a distribution of \$1.55 per common unit, or \$16.4 million, which is payable November 20, 2023 to unitholders of record as of November 13, 2023. Of this amount, CVR Energy will receive approximately \$6.0 million, with the remaining amount payable to public unitholders.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition, results of operations, and cash flows should be read in conjunction with our unaudited condensed consolidated financial statements and related notes and with the statistical information and financial data appearing in this Report, as well as our Annual Report on Form 10-K for the year ended December 31, 2022 filed with the U.S. Securities and Exchange Commission ("SEC") on February 22, 2023 (the "2022 Form 10-K"). Results of operations for the three and nine months ended September 30, 2023 and cash flows for the nine months ended September 30, 2023 are not necessarily indicative of results to be attained for any other period. See "Important Information Regarding Forward-Looking Statements."

Reflected in this discussion and analysis is how management views the Partnership's current financial condition and results of operations along with key external variables and management actions that may impact the Partnership. Understanding significant external variables, such as market conditions, weather, and seasonal trends, among others, and management actions taken to manage the Partnership, address external variables, among others, which will increase users' understanding of the Partnership, its financial condition and results of operations. This discussion may contain forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to those discussed below and elsewhere in this Report.

Partnership Overview

CVR Partners, LP ("CVR Partners" or the "Partnership") is a Delaware limited partnership formed in 2011 by CVR Energy, Inc. ("CVR Energy") to own, operate, and grow its nitrogen fertilizer business. The Partnership produces and distributes nitrogen fertilizer products, which are used by farmers to improve the yield and quality of their crops. The Partnership produces these products at two manufacturing facilities, one located in Coffeyville, Kansas operated by its wholly owned subsidiary, Coffeyville Resources Nitrogen Fertilizers, LLC ("CRNF") (the "Coffeyville Facility") and one located in East Dubuque, Illinois operated by its wholly owned subsidiary, East Dubuque Nitrogen Fertilizers, LLC ("EDNF") (the "East Dubuque Facility"). The principal products we produce include ammonia and urea ammonium nitrate ("UAN"). All of our products are sold on a wholesale basis. References to CVR Partners, the Partnership, "we", "us", and "our" may refer to consolidated subsidiaries of CVR Partners or one or both of the facilities, as the context may require. Additionally, as the context may require, references to CVR Energy may refer to CVR Energy and its consolidated subsidiaries, excluding the Partnership and its subsidiaries, which include its petroleum and renewables refining, marketing, and logistics operations.

Strategy and Goals

The Partnership has adopted Mission and Values, which articulate the Partnership's expectations for how it and its employees do business each and every day.

Mission and Core Values

Our Mission is to be a top tier North American nitrogen-based fertilizer company as measured by safe and reliable operations, superior performance and profitable growth. The foundation of how we operate is built on five core Values:

- *Safety* - We always put safety first. The protection of our employees, contractors and communities is paramount. We have an unwavering commitment to safety above all else. If it's not safe, then we don't do it.
- *Environment* - We care for our environment. Complying with all regulations and minimizing any environmental impact from our operations is essential. We understand our obligation to the environment and that it's our duty to protect it.
- *Integrity* - We require high business ethics. We comply with the law and practice sound corporate governance. We only conduct business one way—the right way with integrity.
- *Corporate Citizenship* - We are proud members of the communities where we operate. We are good neighbors and know that it's a privilege we can't take for granted. We seek to make a positive economic and social impact through

our financial donations and the contributions of time, knowledge and talent of our employees to the places where we live and work.

- *Continuous Improvement* - We believe in both individual and team success. We foster accountability under a performance-driven culture that supports creative thinking, teamwork, diversity and personal development so that employees can realize their maximum potential. We use defined work practices for consistency, efficiency and to create value across the organization.

Our core Values are driven by our people, inform the way we do business each and every day and enhance our ability to accomplish our mission and related strategic objectives.

Strategic Objectives

We have outlined the following strategic objectives to drive the accomplishment of our mission:

Environmental, Health & Safety (“EH&S”) - We aim to achieve continuous improvement in all EH&S areas through ensuring our people’s commitment to environmental, health and safety comes first, the refinement of existing policies, continuous training, and enhanced monitoring procedures.

Reliability - Our goal is to achieve industry-leading utilization rates at both of our facilities through safe and reliable operations. We are focusing on improvements in day-to-day plant operations, identifying alternative sources for plant inputs to reduce lost time due to third-party operational constraints, and optimizing our commercial and marketing functions to maintain plant operations at their highest level.

Market Capture - We continuously evaluate opportunities to improve the facilities’ realized pricing at the gate and reduce variable costs incurred in production to maximize our capture of market opportunities.

Financial Discipline - We strive to be as efficient as possible by maintaining low operating costs and disciplined deployment of capital.

Achievements

From the beginning of the fiscal year through the date of filing, we successfully executed a number of achievements in support of our strategic objectives shown below:

	EH&S	Reliability	Market Capture	Financial Discipline
No environmental events or process safety incidents during the first nine months of 2023	ü			
Continued to operate both facilities safely and at high utilization rates. Combined ammonia utilization rate averaged over 100% for the first nine months of 2023	ü	ü	ü	
The Coffeyville Facility achieved record truck shipments during March 2023		ü	ü	
The East Dubuque Facility achieved record daily ammonia shipments during April 2023 and record quarterly ammonia production during the second quarter of 2023		ü	ü	
Declared a cash distribution of \$1.55 per common unit for the third quarter of 2023, bringing cumulative distributions declared to date of \$16.12 per common unit related to the first nine months of 2023		ü	ü	ü
Closed on a transaction related to carbon capture and sequestration activities at the Coffeyville Facility in January 2023	ü		ü	ü

Other Events

Following good faith bargaining by EDNF, the United Automobile Workers Union and its Local 1391 representing approximately 90 employees at the East Dubuque Facility went on strike on October 18, 2023 after its collective bargaining agreement expired the previous day. The East Dubuque Facility has continued to operate and is currently expected to continue normal operations during the strike.

Industry Factors and Market Indicators

Within the nitrogen fertilizer business, earnings and cash flows from operations are primarily affected by the relationship between nitrogen fertilizer product prices, utilization, and operating costs and expenses, including pet coke and natural gas feedstock costs.

The price at which nitrogen fertilizer products are ultimately sold depends on numerous factors, including the global supply and demand for nitrogen fertilizer products which, in turn, depends on, among other factors, world grain demand and production levels, changes in world population, the cost and availability of fertilizer transportation infrastructure, weather conditions, the availability of imports, the availability and price of feedstocks to produce nitrogen fertilizer, and the extent of government intervention in agriculture markets.

Nitrogen fertilizer prices are also affected by local factors, including local market conditions and the operating levels of competing facilities. An expansion or upgrade of competitors' facilities, new facility development, political and economic developments, and other factors are likely to continue to play an important role in nitrogen fertilizer industry economics. These factors can impact, among other things, the level of inventories in the market, resulting in price volatility and a reduction in product margins. Moreover, the industry typically experiences seasonal fluctuations in demand for nitrogen fertilizer products.

General Business Environment

The Partnership believes the general business environment in which it operates will continue to remain volatile, driven by uncertainty around the availability and prices of its feedstocks, demand for its products, inflation, and global supply disruptions. As a result, future operating results and current and long-term financial conditions could be negatively impacted if economic conditions decline and remain volatile. The Partnership is not able at this time to predict the extent to which these events may have a material, or any, effect on its financial or operational results in future periods.

Regulatory Environment - Certain governmental regulations and incentives associated with the automobile transportation and agricultural industries, including the ones related to corn-based ethanol and sustainable aviation fuel production or consumption can directly impact our business. In August 2022, the Inflation Reduction Act was passed and introduced the Clean Fuel Production Credit incentivizing lower Carbon Intensity feedstocks, including corn oil, which may increase demand for corn planting. In June 2023, the United States Environmental Protection Agency ("EPA") announced the renewable volume obligations for 2023, 2024, and 2025 which maintained the ethanol blending level at 15 billion gallons. These actions lead us to believe that the demand on food, in particular corn, for fuel will remain strong for the foreseeable future and support farmer economics that incentivize the use of nitrogen-based fertilizers.

On the contrary, in April 2023, the EPA announced the proposed federal vehicle emission standards for 2027 through 2032, which could essentially eliminate internal combustion engine vehicles and will reduce the demand for liquid fuels including ethanol. In 2022, production of ethanol consumed approximately 35% of the annual United States corn crop.

Geopolitical Matters - The conflict between Israel and Hamas, which began in October 2023, has the potential for broader regional conflict in the Middle East and, along with the ongoing Russia-Ukraine conflict, could significantly impact global fertilizer and agriculture markets. Such conflicts pose significant geopolitical risks to global markets, raise concerns of major implications, such as the enforcement of sanctions, and could disrupt the production and trade of fertilizer, grains, and feedstock supply through several means, including trade restrictions and supply chain disruptions. The ultimate outcome of these conflicts and any associated market disruptions are difficult to predict and may affect our business, operations, and cash flows in unforeseen ways.

Market Indicators

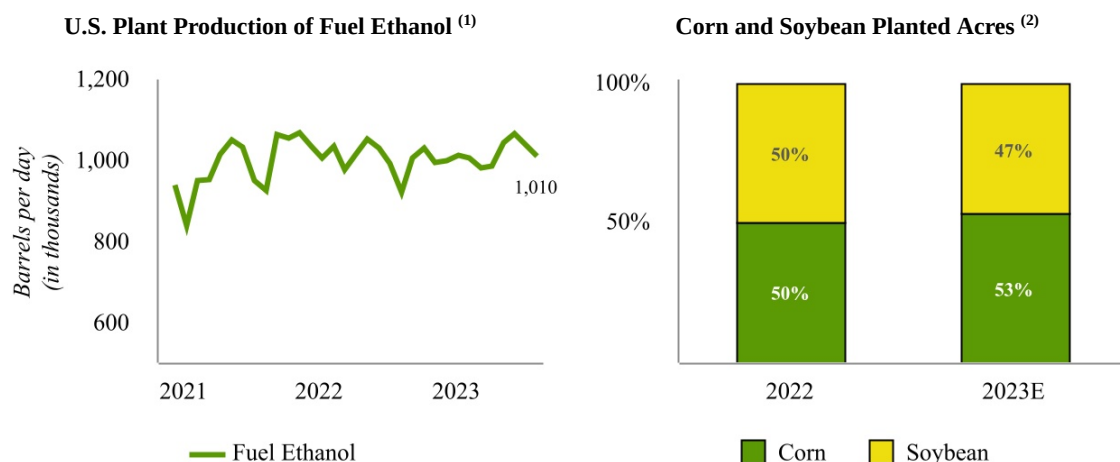

While there is risk of shorter-term volatility given the inherent nature of the commodity cycle, the Partnership believes the long-term fundamentals for the U.S. nitrogen fertilizer industry remain intact. The Partnership views the anticipated combination of (i) increasing global population, (ii) decreasing arable land per capita, (iii) continued evolution to more protein-based diets in developing countries, (iv) sustained use of corn and soybeans as feedstock for the domestic production of ethanol and other renewable fuels, and (v) positioning at the lower end of the global cost curve should provide a solid foundation for nitrogen fertilizer producers in the United States over the longer term.

Corn and soybeans are two major crops planted by farmers in North America. Corn crops result in the depletion of the amount of nitrogen within the soil in which it is grown, which in turn, results in the need for this nutrient to be replenished after each growing cycle. Unlike corn, soybeans are able to obtain most of their own nitrogen through a process known as “N fixation.” As such, upon harvesting of soybeans, the soil retains a certain amount of nitrogen which results in lower demand for nitrogen fertilizer for the following corn planting cycle. Due to these factors, nitrogen fertilizer consumers generally operate a balanced corn-soybean rotational planting cycle as shown by the chart presented below as of September 30, 2023.

The relationship between the total acres planted for both corn and soybeans has a direct impact on the overall demand for nitrogen products, as the market and demand for nitrogen increases with increased corn acres and decreases with increased soybean acres. Additionally, an estimated 12.5 billion pounds of soybean oil is expected to be used in producing cleaner renewable fuels in marketing year 2023/2024. Multiple refiners have announced renewable diesel expansion projects for 2023 and beyond, which will only increase the demand for soybeans and potentially for corn and canola.

The United States Department of Agriculture (“USDA”) estimates that in spring 2023 farmers planted 94.9 million corn acres, representing an increase of 7.1% as compared to 88.6 million corn acres in 2022. Planted soybean acres are estimated to be 83.6 million, representing a decrease of 4.5% as compared to 87.5 million soybean acres in 2022. The combined corn and soybean planted acres of 178.5 million is an increase of 1.3% compared to the acreage planted in 2022. Due to lower input costs in 2023 for corn planting and the relative grain prices of corn versus soybeans, economics have favored planting corn compared to soybeans to date in 2023. Lower inventory levels of corn and soybeans are expected to be supportive of high prices for the remainder of 2023 and into the spring of 2024.

Ethanol is blended with gasoline to meet renewable fuel standard requirements and for its octane value. Ethanol production has historically consumed approximately 36% of the U.S. corn crop, so demand for corn generally rises and falls with ethanol demand, as shown by the charts below, through September 30, 2023.

(1) Information used within this chart was obtained from the U.S. Energy Information Administration (“EIA”) through September 30, 2023.

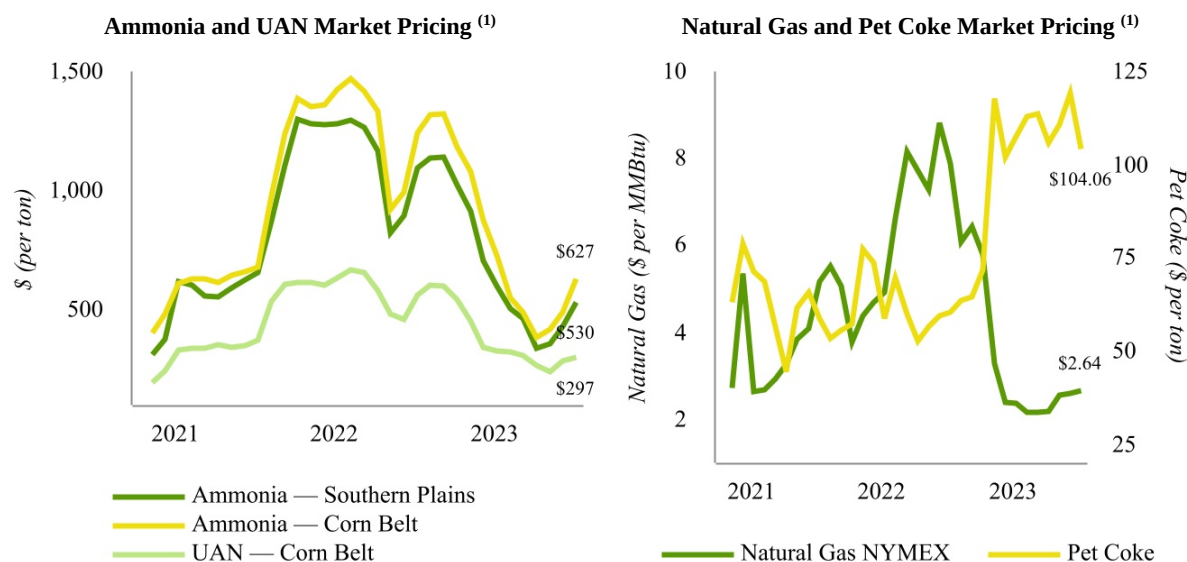

(2) Information used within this chart was obtained from the USDA, National Agricultural Statistics Services as of September 30, 2023.

Weather continues to be a critical variable for crop production. Even with high planted acres and trendline yields per acre in the U.S., inventory levels for corn and soybeans remain below historical levels and prices have remained elevated. With tight grain and fertilizer inventory levels driven by the conflict in Ukraine, prices for grains remained elevated through the first three

quarters of 2023, although below the elevated prices experienced in the spring of 2022. Demand for nitrogen fertilizer, as well as other crop inputs, was strong for the spring 2023 planting season, primarily due to elevated grain prices and favorable weather conditions for planting.

Fertilizer input costs have been volatile since the fall of 2021. Natural gas prices were elevated in the fall of 2022 due to shortages in Europe and demand being driven by building natural gas storage for winter. Winter 2022/2023 weather was warmer than average in Europe and when combined with natural gas conservation measures caused demand and prices for natural gas in Europe to fall significantly in the first quarter of 2023. The decline in natural gas prices has led to a significant reduction in the price for nitrogen fertilizer globally due to lower input costs. While we expect that natural gas prices might remain below the elevated levels experienced in 2022 in the near term, we believe that the structural shortage of natural gas in Europe will continue to be a source of volatility for the rest of 2023 and into 2024. Although pet coke prices remain elevated compared to historical levels, we believe third-party pet coke prices will likely decline in late 2023 and into 2024.

The charts below show relevant market indicators by month through September 30, 2023:

(1) Information used within these charts was obtained from various third-party sources, including Green Markets (a Bloomberg Company), Pace Petroleum Coke Quarterly, and the EIA, amongst others.

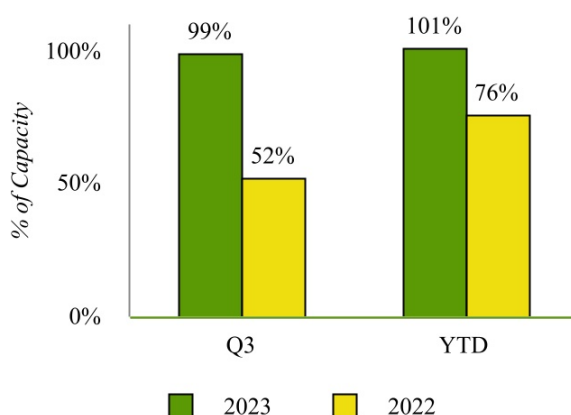

Results of Operations

The following should be read in conjunction with the information outlined in the previous sections of this Part I, Item 2 and the financial statements and related notes thereto in Part I, Item 1 of this Report.

The chart presented below summarizes our ammonia utilization rates on a consolidated basis for the three and nine months ended September 30, 2023 and 2022. Utilization is an important measure used by management to assess operational output at each of the Partnership’s facilities. Utilization is calculated as actual tons of ammonia produced divided by capacity.

Utilization is presented solely on ammonia production rather than on each nitrogen product as it provides a comparative baseline against industry peers and eliminates the disparity of facility configurations for upgrade of ammonia into other nitrogen products. With production primarily focused on ammonia upgrade capabilities, we believe this measure provides a meaningful view of how we operate.

Consolidated Ammonia Utilization

On a consolidated basis for the three and nine months ended September 30, 2023, utilization increased to 99% and 101%, respectively, compared to 52% and 76% for the three and nine months ended September 30, 2022, respectively. The increases were primarily due to planned turnarounds taking place at both facilities in the third quarter of 2022, which subsequently improved operational reliability. In addition, there was increased unplanned downtime in 2022 associated with the Messer air separation plant (the “Messer Outages”) at the Coffeyville Facility and various pieces of equipment at the East Dubuque Facility.

Sales and Pricing per Ton - Two of our key operating metrics are total sales volumes for ammonia and UAN, along with the product pricing per ton realized at the gate. For the three and nine months ended September 30, 2023 compared to the three and nine months ended September 30, 2022, total product sales volumes were favorable, driven by planned turnarounds taking place at both facilities in the third quarter of 2022, which subsequently improved operational reliability, as well as increased downtime from the Messer Outages at the Coffeyville Facility and various pieces of equipment at the East Dubuque Facility in 2022. For the three and nine months ended September 30, 2023, total product sales prices were unfavorable for both periods, driven by sales price decreases of 56% and 40%, respectively, for ammonia and 48% and 33%, respectively, for UAN. Ammonia and UAN sales prices were unfavorable primarily due to lower natural gas prices. Product pricing at the gate represents net sales less freight revenue divided by product sales volume in tons and is shown in order to provide a pricing measure comparable across the fertilizer industry.

Operating Highlights for the Three Months Ended September 30, 2023 versus September 30, 2022

Operating Highlights for the Nine Months Ended September 30, 2023 versus September 30, 2022

Production Volumes - Gross tons of ammonia represent the total ammonia produced, including ammonia produced that was upgraded into other fertilizer products. Net tons available for sale represents the ammonia available for sale that was not upgraded into other fertilizer products. The table below presents these metrics for the three and nine months ended September 30, 2023 and 2022:

(in thousands of tons)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Ammonia (gross produced)	217	114	660	494
Ammonia (net available for sale)	68	36	200	137
UAN	358	184	1,063	832

Feedstock - Our Coffeyville Facility utilizes a pet coke gasification process to produce nitrogen fertilizer. Our East Dubuque Facility uses natural gas in its production of ammonia. The table below presents these feedstocks for both facilities for the three and nine months ended September 30, 2023 and 2022:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
Petroleum coke used in production (thousands of tons)	131	74	386	298
Petroleum coke used in production (dollars per ton)	\$ 84.09	\$ 51.54	\$ 78.49	\$ 52.68
Natural gas used in production (thousands of MMBtu) ⁽¹⁾	2,133	1,120	6,429	4,817
Natural gas used in production (dollars per MMBtu) ⁽¹⁾	\$ 2.67	\$ 7.19	\$ 3.57	\$ 6.65
Natural gas in cost of materials and other (thousands of MMBtu) ⁽¹⁾	2,636	1,330	6,354	4,566
Natural gas in cost of materials and other (dollars per MMBtu) ⁽¹⁾	\$ 2.51	\$ 7.84	\$ 4.21	\$ 6.40

(1) The feedstock natural gas shown above does not include natural gas used for fuel. The cost of fuel natural gas is included in Direct operating expenses (exclusive of depreciation and amortization).

Financial Highlights for the Three and Nine Months Ended September 30, 2023 and 2022

For the three months ended September 30, 2023, the Partnership's operating income and net income were \$8.1 million and \$0.7 million, respectively, representing improvements of \$20.0 million and \$20.5 million, respectively, compared to the three months ended September 30, 2022. For the nine months ended September 30, 2023, the Partnership's operating income and net income were \$184.2 million and \$162.5 million, respectively, representing decreases of \$33.7 million and \$28.9 million in

operating income and net income, respectively, compared to the nine months ended September 30, 2022. These variances were primarily driven by decreased product sales prices, offset by increased production and sales volumes, compared to the three and nine months ended September 30, 2022.

(1) See “Non-GAAP Reconciliations” section below for reconciliations of the non-GAAP measures shown above.

Net Sales - For the three months ended September 30, 2023, net sales decreased by \$25.9 million to \$130.6 million compared to the three months ended September 30, 2022. The decrease was primarily due to unfavorable UAN and ammonia sales prices, which reduced revenues by \$110.2 million, partially offset by favorable UAN and ammonia sales volumes contributing \$77.8 million in higher revenues, compared to the three months ended September 30, 2022.

The following table demonstrates the impact of changes in sales volumes and pricing for the primary components of net sales, excluding urea products, freight, and other revenue, for the three months ended September 30, 2023 compared to the three months ended September 30, 2022:

<i>(in thousands)</i>	<u>Price Variance</u>	<u>Volume Variance</u>
UAN	\$ (81,066)	\$ 48,380
Ammonia	(29,118)	29,377

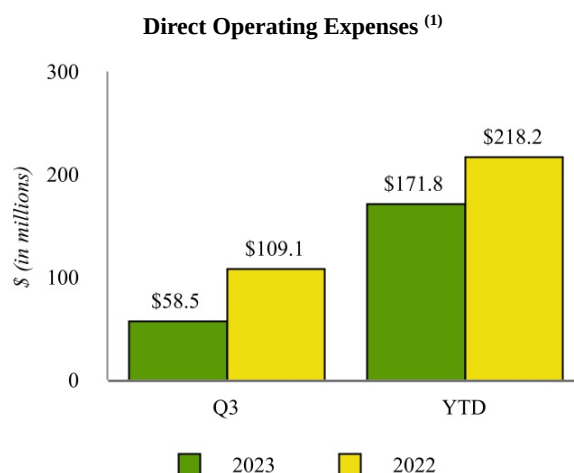

The \$472 and \$210 per ton decreases in ammonia and UAN sales pricing, respectively, for the three months ended September 30, 2023 compared to the three months ended September 30, 2022 were primarily attributable to lower natural gas prices in the current period. The increases in UAN and ammonia sales volumes for the three months ended September 30, 2023 compared to the three months ended September 30, 2022 were primarily attributable to increased production at both facilities due to planned turnarounds taking place at both facilities in the third quarter of 2022, which subsequently improved operational reliability. In addition, there was increased downtime in 2022 from the Messer Outages at the Coffeyville Facility and various pieces of equipment at the East Dubuque Facility.

For the nine months ended September 30, 2023, net sales decreased by \$83.5 million to \$539.9 million compared to the nine months ended September 30, 2022. This decrease was primarily due to unfavorable UAN and ammonia sales prices, which reduced revenues by \$256.6 million, offset by favorable UAN and ammonia sales volumes, which increased revenues by \$163.9 million, compared to the nine months ended September 30, 2022.

The following table demonstrates the impact of changes in sales volumes and pricing for the primary components of net sales, excluding urea products, freight, and other revenue, for the nine months ended September 30, 2023 as compared to the nine months ended September 30, 2022:

<i>(in thousands)</i>	<u>Price Variance</u>	<u>Volume Variance</u>
UAN	\$ (178,189)	\$ 94,608
Ammonia	(78,420)	69,251

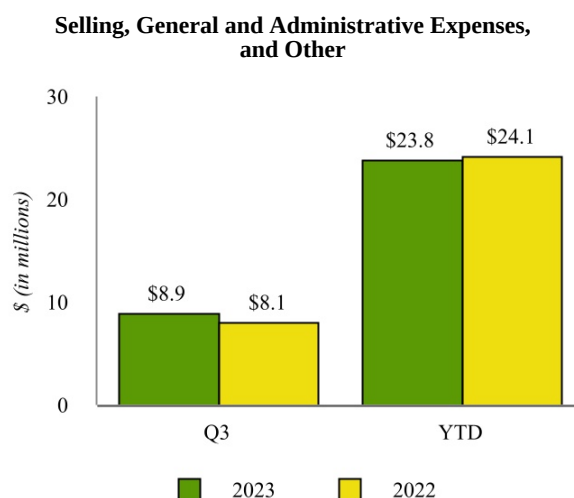

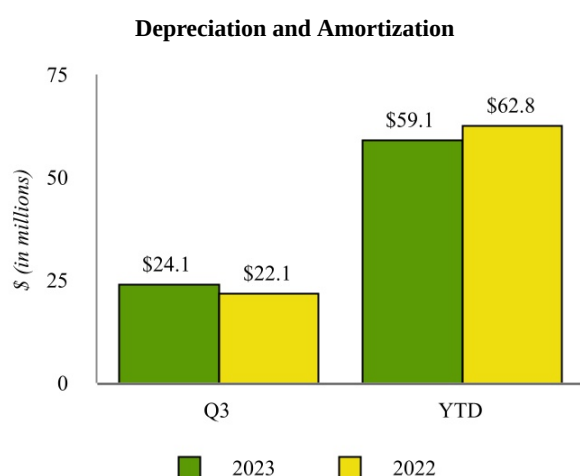

The \$429 and \$166 per ton decreases in ammonia and UAN sales pricing, respectively, for the nine months ended September 30, 2023 compared to the nine months ended September 30, 2022 were primarily attributable to lower natural gas prices in the current period. The increases in UAN and ammonia sales volumes for the nine months ended September 30, 2023 compared to the nine months ended September 30, 2022 were primarily attributable to planned turnarounds taking place at both facilities in the third quarter of 2022, which subsequently improved operational reliability. In addition, there was increased downtime in 2022 from the Messer Outages at the Coffeyville Facility and various pieces of equipment at the East Dubuque Facility.

(1) Exclusive of depreciation and amortization expense.

Cost of Materials and Other - For the three and nine months ended September 30, 2023, cost of materials and other was \$31.0 million and \$101.0 million, respectively, compared to \$29.1 million and \$100.3 million for the three and nine months ended September 30, 2022. These increases were driven primarily by higher third-party coke feedstock costs, partially offset by lower natural gas feedstock costs in the current period.

Direct Operating Expenses (exclusive of depreciation and amortization) - For the three and nine months ended September 30, 2023, direct operating expenses (exclusive of depreciation and amortization) were \$58.5 million and \$171.8 million, respectively, compared to \$109.1 million and \$218.2 million for the three and nine months ended September 30, 2022, respectively. The decreases were primarily a result of turnaround expenses in the prior period associated with the planned turnarounds at both facilities, coupled with decreased personnel costs and lower natural gas costs in the current period.

Depreciation and Amortization Expense - For the three and nine months ended September 30, 2023, depreciation and amortization expense were \$24.1 million and \$59.1 million, respectively, compared to \$22.1 million and \$62.8 million for the three and nine months ended September 30, 2022, respectively. These variances were primarily due to various assets being fully depreciated prior to the start of the current period, as well as inventory adjustments.

Selling, General, and Administrative Expenses, and Other - For the three and nine months ended September 30, 2023, selling, general and administrative expenses and other were \$8.9 million and \$23.8 million, respectively, compared to \$8.1 million and \$24.1 million for the three and nine months ended September 30, 2022, respectively. These variances were primarily related to lower share-based compensation due to a decrease in market prices for CVR Partners' common units, as well as increased non-personnel costs in the current period.

Non-GAAP Measures

Our management uses certain non-GAAP performance measures, and reconciliations to those measures, to evaluate current and past performance and prospects for the future to supplement our financial information presented in accordance with accounting principles generally accepted in the United States ("GAAP"). These non-GAAP financial measures are important factors in assessing our operating results and profitability and include the performance and liquidity measures defined below.

The following are non-GAAP measures we present for the period ended September 30, 2023:

EBITDA - Net income (loss) before (i) interest expense, net, (ii) income tax expense (benefit) and (iii) depreciation and amortization expense.

Adjusted EBITDA - EBITDA adjusted for certain significant non-cash items and items that management believes are not attributable to or indicative of our on-going operations or that may obscure our underlying results and trends.

Reconciliation of Net Cash Provided By Operating Activities to EBITDA - Net cash provided by operating activities reduced by (i) interest expense, net, (ii) income tax expense (benefit), (iii) change in working capital, and (iv) other non-cash adjustments.

Available Cash for Distribution - EBITDA for the quarter excluding non-cash income or expense items (if any), for which adjustment is deemed necessary or appropriate by the board of directors of our general partner (the "Board") in its sole discretion, less (i) reserves for maintenance capital expenditures, debt service and other contractual obligations and (ii) reserves for future operating or capital needs (if any), in each case, that the Board deems necessary or appropriate in its sole discretion. Available Cash for Distribution may be increased by the release of previously established cash reserves, if any, and other excess cash, at the discretion of the Board.

We present these measures because we believe they may help investors, analysts, lenders, and ratings agencies analyze our results of operations and liquidity in conjunction with our GAAP results, including, but not limited to, our operating performance as compared to other publicly traded companies in the fertilizer industry, without regard to historical cost basis or financing methods, and our ability to incur and service debt and fund capital expenditures. Non-GAAP measures have important limitations as analytical tools because they exclude some, but not all, items that affect net earnings and operating income. These measures should not be considered substitutes for their most directly comparable GAAP financial measures. Refer to the "Non-GAAP Reconciliations" included herein for reconciliation of these amounts. Due to rounding, numbers presented within this section may not add or equal to numbers or totals presented elsewhere within this document.

Factors Affecting Comparability of Our Financial Results

Our results of operations for the periods presented may not be comparable with prior periods or to our results of operations in the future due to expenses incurred as part of planned turnarounds. We incurred turnaround expenses of \$1.0 million and \$31.2 million during the three months ended September 30, 2023 and 2022, respectively, and \$1.7 million and \$32.8 million during the nine months ended September 30, 2023 and 2022, respectively. The next planned turnarounds are currently scheduled to take place in 2025 at the Coffeyville Facility and in 2026 at the East Dubuque Facility.

Non-GAAP Reconciliations

Reconciliation of Net Income (Loss) to EBITDA and Adjusted EBITDA

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
<i>(in thousands)</i>				
Net income (loss)	\$ 731	\$ (19,809)	\$ 162,458	\$ 191,435
Interest expense, net	7,501	7,897	21,594	26,241
Income tax expense	31	29	77	404
Depreciation and amortization	24,119	22,127	59,084	62,813
EBITDA and Adjusted EBITDA	\$ 32,382	\$ 10,244	\$ 243,213	\$ 280,893

Reconciliation of Net Cash Provided By Operating Activities to EBITDA and Adjusted EBITDA

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
<i>(in thousands)</i>				
Net cash provided by operating activities	\$ 70,102	\$ 88,624	\$ 261,389	\$ 304,235
<i>Non-cash items:</i>				
Loss on extinguishment of debt	—	—	—	(628)
Share-based compensation	(3,830)	(7,273)	(7,966)	(18,626)
Other	(1,256)	(167)	(2,008)	(1,125)
<i>Adjustments:</i>				
Interest expense, net	7,501	7,897	21,594	26,241
Income tax expense	31	29	77	404
Change in assets and liabilities	(40,166)	(78,866)	(29,873)	(29,608)
EBITDA and Adjusted EBITDA	\$ 32,382	\$ 10,244	\$ 243,213	\$ 280,893

Reconciliation of EBITDA to Available Cash for Distribution

(in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2023	2022	2023	2022
EBITDA	\$ 32,382	\$ 10,244	\$ 243,213	\$ 280,893
<i>Current (reserves) adjustments for amounts related to:</i>				
Net cash interest expense (excluding capitalized interest)	(8,468)	(8,467)	(25,399)	(26,267)
Debt service and financing fees	(500)	—	(500)	(65,815)
Maintenance capital expenditures	(8,091)	(25,543)	(17,282)	(38,652)
Utility pass-through	—	(675)	(1,350)	(2,025)
Common units repurchased	—	—	—	(12,397)
45Q Transaction cash proceeds adjustment ⁽¹⁾	(794)	—	16,557	—
<i>Other (reserves) releases:</i>				
Future turnaround	(2,359)	—	(8,198)	(16,750)
Cash reserves for future operating needs	7,500	15,000	(12,500)	—
Reserve for capital growth expenditures	(3,300)	28,147	(24,100)	29,760
Available Cash for Distribution ^{(2) (3)}	\$ 16,370	\$ 18,706	\$ 170,441	\$ 148,747
Common units outstanding	10,570	10,570	10,570	10,570

(1) Amount includes adjustments to reconcile non-cash earnings and distributions received by the Partnership.

(2) Amount represents the cumulative Available Cash for Distribution based on quarter-to-date and year-to-date results. However, Available Cash for Distribution is calculated quarterly, with distributions (if any) being paid in the period following declaration.

(3) The Partnership declared and paid a \$10.50, \$10.43, and \$4.14 cash distribution related to the fourth quarter of 2022 and first and second quarters of 2023, respectively, and declared a cash distribution of \$1.55 per common unit related to the third quarter of 2023 to be paid in November 2023.

Liquidity and Capital Resources

Our principal source of liquidity has historically been and continues to be cash from operations, which can include cash advances from customers resulting from prepay contracts. Our principal uses of cash are for working capital, capital expenditures, funding our debt service obligations, and paying distributions to our unitholders, as further discussed below.

Current geopolitical matters, such as the conflict between Israel and Hamas, which has the potential for broader regional conflict in the Middle East, and the ongoing Russia-Ukraine conflict, have contributed to the volatile fertilizer and agricultural market conditions, driving uncertainty around the availability and prices of its feedstocks, demand for its products, inflation, and global supply disruptions. Despite the volatility in commodity pricing, nitrogen fertilizer product pricing remains above the recent 5-year average and has not significantly impacted our primary source of liquidity.

When considering the market conditions and actions described above, we currently believe that our cash from operations and existing cash and cash equivalents, along with borrowings and reserves, as necessary, will be sufficient to satisfy anticipated cash requirements associated with our existing operations for at least the next 12 months. However, our future capital expenditures and other cash requirements could be higher than we currently expect as a result of various factors including, but not limited to, rising material and labor costs and other inflationary pressures. Additionally, our ability to generate sufficient cash from our operating activities and secure additional financing depends on our future performance, which is subject to operating performance, as well as general economic, political, financial, competitive, and other factors, some of which may be beyond our control.

Depending on the needs of our business, contractual limitations, and market conditions, we may from time to time seek to issue equity securities, incur additional debt, issue debt securities, or redeem, repurchase, refinance, or retire our outstanding debt through privately negotiated transactions, open market repurchases, redemptions, exchanges, tender offers or otherwise, but we are under no obligation to do so. There can be no assurance that we will seek to do any of the foregoing or that we will be able to do any of the foregoing on terms acceptable to us or at all.

On September 26, 2023, CVR Partners and certain of its subsidiaries entered into Amendment No. 1 to the Credit Agreement (the “ABL Amendment”). The ABL Amendment amended that certain Credit Agreement, dated as of September 30, 2021 (as amended, the “ABL Credit Facility”), to, among other things, (i) increase the aggregate principal amount available under the credit facility by an additional \$15.0 million to a total of \$50.0 million in the aggregate, with an incremental facility of an additional \$15.0 million in the aggregate subject to additional lender commitments and certain other conditions, and (ii) extend the maturity date by an additional four years to September 26, 2028. Refer to Part I, Item 1, Note 8 (“Long-Term Debt”) of this Report for further discussion.

The Partnership and its subsidiaries were in compliance with all covenants under their respective debt instruments as of September 30, 2023, as applicable.

We do not have any “off-balance sheet arrangements” as such term is defined within the rules and regulations of the SEC.

Cash and Other Liquidity

As of September 30, 2023, we had cash and cash equivalents of \$89.2 million, and combined with \$47.9 million available under our ABL Credit Facility, we had total liquidity of \$137.1 million. As of December 31, 2022, we had \$86.3 million in cash and cash equivalents, including \$13.7 million of customer advances. Long-term debt consists of the following:

<i>(in thousands)</i>	<u>September 30, 2023</u>	<u>December 31, 2022</u>
6.125% Senior Secured Notes, due June 2028	\$ 550,000	\$ 550,000
Unamortized discount and debt issuance costs	(2,822)	(3,200)
Total long-term debt	\$ 547,178	\$ 546,800

As of September 30, 2023, the Partnership had the 6.125% Senior Secured Notes, due June 2028 (the “2028 Notes”) and the ABL Credit Facility, the proceeds of which may be used to fund working capital, capital expenditures, and for other general corporate purposes. Refer to Part II, Item 8, Note 5 (“Long-Term Debt”) of our 2022 Form 10-K for further information.

Capital Spending

We divide capital spending needs into two categories: maintenance and growth. Maintenance capital spending includes non-discretionary maintenance projects and projects required to comply with environmental, health, and safety regulations. Growth capital projects generally involve an expansion of existing capacity and/or a reduction in direct operating expenses. We undertake growth capital spending based on the expected return on incremental capital employed.

Our total capital expenditures for the nine months ended September 30, 2023, along with our estimated expenditures for 2023 are as follows:

<i>(in thousands)</i>	<u>Nine Months Ended September 30, 2023</u>	<u>Estimated full year 2023</u>
Maintenance capital	\$ 17,282	\$26,000 - 28,000
Growth capital	815	3,000 - 4,000
Total capital expenditures	\$ 18,097	\$29,000 - 32,000

Our estimated capital expenditures are subject to change due to unanticipated changes in the cost, scope, and completion time for capital projects. For example, we may experience unexpected changes in labor or equipment costs necessary to comply with government regulations or to complete projects that sustain or improve the profitability of the nitrogen fertilizer facilities. We may also accelerate or defer some capital expenditures from time to time. Capital spending for CVR Partners is determined by the Board. We will continue to monitor market conditions and make adjustments, if needed, to our current capital spending or turnaround plans.

We incurred turnaround expenses of \$1.0 million and \$31.2 million during the three months ended September 30, 2023 and 2022, respectively, and \$1.7 million and \$32.8 million during the nine months ended September 30, 2023 and 2022, respectively. The next planned turnarounds are currently scheduled to take place in 2025 at the Coffeyville Facility and in 2026 at the East Dubuque Facility.

Distributions to Unitholders

The current policy of the Board is to distribute all Available Cash for Distribution, as determined by the Board in its sole discretion, the Partnership generated on a quarterly basis. Available Cash for Distribution for each quarter will be determined by the Board following the end of such quarter. Available Cash for Distribution for each quarter is calculated as EBITDA for the quarter excluding non-cash income or expense items (if any), for which adjustment is deemed necessary or appropriate by the Board in its sole discretion, less (i) reserves for maintenance capital expenditures, debt service and other contractual obligations, and (ii) reserves for future operating or capital needs (if any), in each case, that the Board deems necessary or appropriate in its sole discretion. Available Cash for Distribution may be increased by the release of previously established cash reserves, if any, and other excess cash, at the discretion of the Board.

Distributions, if any, including the payment, amount, and timing thereof, and the Board's distribution policy, including the definition of Available Cash for Distribution, are subject to change at the discretion of the Board. The following tables present quarterly distributions paid by the Partnership to CVR Partners' unitholders, including amounts paid to CVR Energy, during 2023 and 2022 (amounts presented in the table below may not add to totals presented due to rounding):

Related Period	Date Paid	Quarterly Distributions Per Common Unit	Quarterly Distributions Paid (in thousands)		
			Public Unitholders	CVR Energy	Total
2022 - 4th Quarter	March 13, 2023	\$ 10.50	\$ 70,115	\$ 40,866	\$ 110,981
2023 - 1st Quarter	May 22, 2023	10.43	69,647	40,594	110,241
2023 - 2nd Quarter	August 21, 2023	4.14	27,646	16,113	43,759
Total 2023 quarterly distributions		\$ 25.07	\$ 167,408	\$ 97,572	\$ 264,981

Related Period	Date Paid	Quarterly Distributions Per Common Unit	Quarterly Distributions Paid (in thousands)		
			Public Unitholders	CVR Energy	Total
2021 - 4th Quarter	March 14, 2022	\$ 5.24	\$ 35,576	\$ 20,394	\$ 55,970
2022 - 1st Quarter	May 23, 2022	2.26	15,091	8,796	23,887
2022 - 2nd Quarter	August 22, 2022	10.05	67,109	39,115	106,225
2022 - 3rd Quarter	November 21, 2022	1.77	11,819	6,889	18,708
Total 2022 quarterly distributions		\$ 19.32	\$ 129,597	\$ 75,193	\$ 204,790

For the third quarter of 2023, the Partnership, upon approval by the Board on October 30, 2023, declared a distribution of \$1.55 per common unit, or \$16.4 million, which is payable November 20, 2023 to unitholders of record as of November 13, 2023. Of this amount, CVR Energy will receive approximately \$6.0 million, with the remaining amount payable to public unitholders.

Capital Structure

On May 6, 2020, the Board, on behalf of the Partnership, authorized a unit repurchase program (the "Unit Repurchase Program"), which was increased on February 22, 2021. The Unit Repurchase Program, as increased, authorized the Partnership to repurchase up to \$20 million of the Partnership's common units. During the three and nine months ended September 30, 2023 and the three months ended September 30, 2022, the Partnership did not repurchase any common units. During the nine months ended September 30, 2022, the Partnership repurchased 111,695 common units on the open market in accordance with a repurchase agreement under Rules 10b5-1 and 10b-18 of the Securities Exchange Act of 1934, as amended, at a cost of \$12.4 million, exclusive of transaction costs, or an average price of \$110.98 per common unit. As of September 30, 2023, the Partnership, considering all repurchases made since inception of the Unit Repurchase Program, had a nominal authorized

amount remaining under the Unit Repurchase Program. This Unit Repurchase Program does not obligate the Partnership to acquire any common units and may be cancelled or terminated by the Board at any time.

Cash Flows

The following table sets forth our cash flows for the periods indicated below:

<i>(in thousands)</i>	Nine Months Ended September 30,		
	2023	2022	Change
<i>Net cash flow provided by (used in):</i>			
Operating activities	\$ 261,389	\$ 304,235	\$ (42,846)
Investing activities	6,928	(33,401)	40,329
Financing activities	(265,481)	(264,309)	(1,172)
Net increase in cash and cash equivalents	\$ 2,836	\$ 6,525	\$ (3,689)

Cash Flows from Operating Activities

The change in net cash flows from operating activities for the nine months ended September 30, 2023 compared to the nine months ended September 30, 2022 is primarily due to a \$29.0 million decrease in net income during 2023 primarily due to lower product sales prices, a \$10.7 million decrease in non-cash share-based compensation as a result of lower market prices for CVR Partners' units in 2023 compared to 2022, a decrease in depreciation and amortization of \$3.7 million as a result of various assets being fully depreciated prior to the start of the current period, partially offset by accelerated depreciation and inventory adjustments, and a decrease in working capital of \$1.9 million.

Cash Flows from Investing Activities

The change in net cash flows from investing activities for the nine months ended September 30, 2023 compared to the nine months ended September 30, 2022 was due to distributions received from CVR Partners' equity method investment of \$20.7 million associated with the 45Q Transaction in 2023 and a decrease in capital expenditures of \$19.7 million during 2023 resulting from reduced spending on capital projects compared to 2022.

Cash Flows from Financing Activities

The change in net cash flows from financing activities for the nine months ended September 30, 2023 compared to the nine months ended September 30, 2022 was primarily due to an increase in cash distributions paid of \$78.9 million in 2023 compared to 2022, and \$65.0 million and \$12.4 million used for the redemption of the remaining balance of the 2023 Notes and unit repurchases of the Partnership's common units, respectively, in 2022, with no corresponding amounts in 2023.

Critical Accounting Estimates

Our critical accounting estimates are disclosed in the "Critical Accounting Estimates" section of our 2022 Form 10-K. No modifications have been made during the three and nine months ended September 30, 2023 to these estimates.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to our market risks as of and for the three and nine months ended September 30, 2023 as compared to the risks discussed in Part II, Item 7A of our 2022 Form 10-K.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Partnership has evaluated, under the direction and with the participation of the Executive Chairman, Chief Executive Officer, and Chief Financial Officer, the effectiveness of our disclosure controls and procedures, as defined in Exchange Act

Rule 13a-15(e) and 15d-15(e). Based upon this evaluation, the Partnership's Executive Chairman, Chief Executive Officer, and Chief Financial Officer concluded that disclosure controls and procedures were effective as of September 30, 2023.

Changes in Internal Control Over Financial Reporting

There have been no material changes in the Partnership's internal controls over financial reporting required by Rule 13a-15 of the Exchange Act that occurred during the fiscal quarter ended September 30, 2023 that materially affected, or is reasonably likely to materially affect, the Partnership's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

See Part I, Item 1, Note 11 (“Commitments and Contingencies”) of this Report, which is incorporated by reference into this Part II, Item 1, for a description of certain litigation, legal, and administrative proceedings and environmental matters.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in Part I, Item 1A of our 2022 Form 10-K. Additional risks and uncertainties, including risks and uncertainties not presently known to us, or that we currently deem immaterial, could also have an adverse effect on our business, financial condition, and/or results of operations.

Item 5. Other Information

During the three months ended September 30, 2023, no director or officer of the General Partner adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K.

Item 6. Exhibits

INDEX TO EXHIBITS

Exhibit Number	Exhibit Description
10.1**+	Amendment No. 1 to Credit Agreement dated September 26, 2023, among CVR Partners, LP, CVR Nitrogen, LP, East Dubuque Nitrogen Fertilizers, LLC, Coffeyville Resources Nitrogen Fertilizers, LLC, CVR Nitrogen Holdings, LLC, CVR Nitrogen Finance Corporation, CVR Nitrogen GP, LLC, certain of their subsidiaries from time to time party thereto, the lenders from time to time party thereto and Wells Fargo Bank National Association, a national banking association, as administrative agent and collateral agent (incorporated by reference to Exhibit 10.1 to the Partnership’s Form 8-K filed on September 27, 2023).

* Filed herewith.

** Previously filed.

† Furnished herewith.

+ Certain portions of this exhibit have been redacted pursuant to Item 601(b)(10)(iv) of Regulation S-K. CVR Partners agrees to furnish supplementally an unredacted copy of this exhibit to the SEC upon request.

PLEASE NOTE: Pursuant to the rules and regulations of the SEC, we may file or incorporate by reference agreements as exhibits to the reports that we file with or furnish to the SEC. The agreements are filed to provide investors with information regarding their respective terms. The agreements are not intended to provide any other factual information about the Partnership, its business or operations. In particular, the assertions embodied in any representations, warranties and covenants contained in the agreements may be subject to qualifications with respect to knowledge and materiality different from those

applicable to investors and may be qualified by information in confidential disclosure schedules not included with the exhibits. These disclosure schedules may contain information that modifies, qualifies and creates exceptions to the representations, warranties and covenants set forth in the agreements. Moreover, certain representations, warranties and covenants in the agreements may have been used for the purpose of allocating risk between the parties, rather than establishing matters as facts. In addition, information concerning the subject matter of the representations, warranties and covenants may have changed after the date of the respective agreement, which subsequent information may or may not be fully reflected in the Partnership's public disclosures. Accordingly, investors should not rely on the representations, warranties and covenants in the agreements as characterizations of the actual state of facts about the Partnership, its business or operations on the date hereof.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

I, David L. Lamp, certify that:

1. I have reviewed this report on Form 10-Q of CVR Partners, LP;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
